

## **Baseball and Softball Friendly Match with Beijing Yucai School**

Led by Dr. Benjamin Chan, our School Principal, our Softball Team went to Beijing Yucai School for exchange activities and participating in 2 friendly matches from June 28 to July 1, 2017. Yucai School is a renowned through-train school in Beijing, and their baseball team won numerous awards in different inter-school competitions in China. It was valuable experience and we really learnt a lot. Apart from the friendly matches, we visited The Palace Museum and The Great Wall and watched a fabulous acrobatic show which marked a perfect ending to the trip.

We are dedicated to provide different opportunities for students to participate in a wide variety of exchange activities and broaden their horizons, so that they can embrace future challenges in the new century.

Beijing Yucai School also reported the event. Please click the following link for more details (Chinese version only):
